INDEX TO VOLUME XIX
1937
SUBJECTS

Adjusting farming systems on a countrywide basis, 347; discussion, 356
Adjustment in the farm tenancy systems, 892
Agricultural adjustment, historical aspects of (discussion), 633
Agricultural adjustment, the problem of diversion and, 441; discussion, 451
Agricultural conservation—land utilization, an aspect of, 3
Agricultural conservation program, economic implications of, 13; discussion, 40, 45
Agricultural economics extension work, developments in, 334; discussion, 344
Agricultural economics, field of, 96
Agricultural forecasts, is it practical to plan farm operations on? 241; discussion, 251
Agricultural policy, British, 264
Agricultural policy, Canadian, 253
Agricultural policy, German, 287
Agricultural policy, observations on, 861
Agricultural policy, Russian, 280
Agricultural stability and federal land banks, 48; discussion, 58
An appraisal of aspects of transitional program for agriculture, 28
Annual meeting, 992
Annual reports, 389
Apples, marketing in New York, 944
Appraisal of farm lands, The, 401
Appraisal of resettlement, 190; discussion, 202
Appraisal theory and practice, 161; discussion, 168
Assessment inequalities on agricultural land in Montana, measurement and correction of, 926
Association policy committee report, 837

Book reviews, 364, 656, 819, 956
Books received, 363, 655, 818, 955
British agricultural policy, 264
Building farm programs, using economic information in, 416; discussion, 422

Canadian agricultural policy, 253
Century of developments in a New Hampshire back area, 607
Commodity exchanges, objectives of federal regulation of the, 313; discussion, 318
Commodity surplus diversion and agricultural adjustment, 441; discussion, 451
Comparative advantage and interregional competition in agriculture, 224; discussion, 238
Competitive market forces and their effect on consumption of milk, 505
Cooperative cotton gins, 878
Cotton gins, cooperative, 878
Counties, reorganization of, 741

Dairy statistics, problems and progress, 572; discussion, 585
Depression of 1873–79, 621
Developments in agricultural economics extension work, 334; discussion, 344
Dust bowl, why the?, 750

Economic and sociological aspects of land utilization, 588
Economic implications of agricultural conservation program, 13; discussion, 40, 45
Economics, mathematics in, 718
Essentials of an effective futures market, 321; discussion, 331
Expenditures of local governments, 727
Experience under resettlement administration, lake states, 206; discussion, 220

Farm credit administration policy, important issues in, 81; discussion, 92
Farming systems on a countywide basis, 347; discussion, 356
Farm labor, 913
Farm lands, the appraisal of, 401
Farm management as related to conservation programs, 681
Farm power problems (discussion), 492
Farm real estate tax series of the Bureau of Agricultural Economics, 557
Farm taxation and local government, 553
Farm taxation (discussion), 568
Farm tenancy system, a suggested adjustment in, 892
Federal land banks and agricultural stability, 48; discussion, 58
Field of agricultural economics, 96
Foreign agricultural policy (discussion), 271
Forests in a land-use program, 758
Future of cooperative purchasing of farm supplies in the South, 534
Futures market, essentials of an effective, 321; discussion, 331
Futures trading, past and present theory, 300; discussion, 309

German agricultural policy, 287
Germany, land valuation in, 173; discussion, 187

Historical approach, The, 605
Historical aspects of agricultural adjustment (discussion), 633
Imperfect competition, theory of, 707
Improvement, professional, 791
Insurance companies, mortgage investments of, 66
Insurance companies, mutual fire, 783

Interregional competition and comparative advantage in agriculture, 224; discussion, 238
Is it practical to plan farm operations on agricultural forecasts?, 241; discussion, 251

Labor, farm, 913
Land tenure research in a national land policy, 102; discussion, 139
Land-use program, forests in, 758
Land utilization, agricultural conservation an aspect of, 3
Land utilization (discussion), 602
Land valuation in Germany, 173; discussion, 187
Land value trends, observations on, 148; discussion, 171
Loan repayment, mortgage, 764
Local governments, expenditures of, 727

Marketing New York apples, 944
Mathematics in economics, 718
Measurement and correction of assessment inequalities on agricultural lands in Montana, 926
Milk marketing problems, 494
Milk marketing problems, competitive market forces and their effects on consumption of milk, 505
Mortgage investments of insurance companies, 66
Mortgage loan repayment, 764
Mule vs. tractor power on plantations, 479
Mutual fire insurance companies, 783

National farm loan associations in the fourth federal land bank district, a study of, 901
National land policy, land tenure research in a, 102; discussion, 139
New types of farm equipment and economic implications, 483
News items, 387, 672, 843, 979

Objectives of federal regulation of the commodity exchanges, 313; discussion, 318
Observations on agricultural policy, 861
Operating procedure and problems under section 32, 425

Past, present and future of cooperative cotton marketing, 520
Past and present theory regarding futures trading, 300; discussion, 309
Plant operating efficiency in milk marketing, 496
Poultry and egg production statistics, 578
Power problems in relation to the farm business, 487
Price analysis as a guide in marketing control, 691
Price interrelationships, 886
Production credit, 540; discussion, 551
Production credit (discussion), 551
Professional improvement, 791
Public control in milk marketing, 494

Reorganization of counties, 741
Research in measuring the efficiency of local governments, 553
Research needs and tenure problems in the Middle West, 112; discussion, 142
Research needs and tenure problems in the South, 128; discussion, 143
Resettlement administration experience in lake states, 206; discussion, 220
Resettlement, an appraisal of, 190; discussion, 202
Russian agricultural policy, recent aspects of, 280

Sample agricultural enumerations, selection of areas, 454, 464; discussion, 467
School lands in selected areas of Colorado and Nebraska, state ownership of, 935
Section 32, operating procedure and problems under, 425
Selection of areas for sample agricultural enumerations, 454, 464; discussion, 467
Soil conservation and regional livestock adjustments, 508; discussion, 509
State ownership of school lands in selected areas in Colorado and Nebraska, 935
Supply and utilization of milk in Pennsylvania, 501

Tariff theory, 845
Tenure problems and research needs in the Middle West, 112; discussion, 142
Tenure problems and research needs in the South, 128; discussion, 143
The historical approach, 605
Theory of imperfect competition, 707
Theory, Tariff, 845
Transitional program for agriculture, an appraisal, 28
Type of farm management, individual, professional, or institutional, 470

Using economic information in building farm programs, 416; discussion, 422

Why the dust bowl?, 750
